

2016-17 MCA members:

Thank you for your support! Our 2017-18 membership year begins June 1st. We hope that you will continue to support this outstanding organization.

We encourage you to sign-up online. It saves us significant time and prevents errors in your information. Dues are \$35 which is a great bargain when you consider that coach/teacher members are covered while coaching, and also in the classroom, by our million-dollar personal liability policy. The insurance coverage and our complimentary admission to regular season high school and college athletic contests are worth much more than the cost of your dues.

If you are eligible for a Longevity Award, and would like to receive one, please apply online at www.montanacoaches.com. Choose the member tab, then Longevity Award. Please do so ASAP. Deadline for the 2017 year is June 15th. 15 and 20-year award winners may choose to upgrade from a certificate to a plaque for \$15.

We invite you to attend the 2017 MCA All-Sport Coaches Clinic. It is one of the very few opportunities coaches have for professional development. We have an excellent array of Clinicians plus all the great perks that no other clinic in the country comes close matching. \$65 for pre-registration is a great bargain that includes the Steak Fry, the complimentary Awards Ceremony Lunch, free continental breakfast, plus snacks & drinks all day in the exhibit area. In addition, we have coupons in the packets, exhibit drawings and numerous door prizes. The total cost for MCA dues and Clinic is only \$100, if you register in advance.

Submit your online membership application today and enjoy a full year of MCA benefits. I hope to see you at the clinic in August!

Thank you for your consideration,
