

Basketball Core Values

RELATIONSHIPS

We build trust within our team by looking each other in the eyes and always telling the truth. Having each other's back is a fundamental part of our group, ensuring that we support and encourage one another.

COMPETE

Whether it's practice or a game, regardless of who's watching, we are committed to giving our best effort physically and mentally to put us in a position to win. We strive for excellence in everything we do.

JOY

We find joy in the journey, celebrating our teammates and cherishing the game itself. Enjoying each moment together is essential to our growth as individuals and as a team.

MINDSET

Our team remains composed and resilient, never allowing anything to rattle us. We pride ourselves on being the most mentally tough team on the court, playing with confidence, loose and free.
